The background of the cover features a stylized, concentric circular pattern in shades of orange and red, resembling a target or a hypnotic effect. On the left, a small, anthropomorphic orange fox with large ears and a white chest patch is depicted in a playful, jumping pose. On the right, a character with long, blonde braided hair, wearing a red hooded cloak and a grey tunic, is shown from the chest up, smiling and holding a golden staff with a blue gem. The title text is centered over the background.

AND THE  
WICKED WOOD™

DIGITAL ARTBOOK

Howdy, folks! On behalf of Devespresso Games, thank you for playing Scarlet Hood and the Wicked Wood. An incredible effort went into the creation of the fantastical world you see presented on the screen. Before development began, we spent months realizing the colorful characters, the magical setting, and the dynamic story that propels Scarlet on her journey to becoming the Red Witch. We made this digital book to showcase more art, lore, and directors' commentary on the land of Glome. Be aware that some spoilers may follow. Please enjoy!

“MY LIFE RENOUNCED MAKES THIS CHARM GOOD,  
TAKE UP THY MANTLE, SCARLET HOOD!”

It's a new day in the realm of Glome. Sunlight creeps across the land revealing a lush, vibrant world brimming with magick, beauty, and artifacts from a mysterious bygone culture known as the Seelie. The virtuous Munchkins call this country home, but they share it with the Seven Witches, Tin Knights, fearsome monsters, and talking animals called Pooka. Scarlet Hood's world is built upon a foundation evoking elements of American tall tales and folk mythology. The land of Glome projects optimism, fun, and high adventure in the wild frontier!

“I KNOW I’M MEANT FOR BIGGER THINGS THAN  
THIS SMALL TOWN HAS TO OFFER...” - SCARLET

Scarlet Gale and her band, Foxtrot Bop, dream of hitting the big time. The opportunity may have just presented itself too; they’re slated to give the performance of their lives for Wicked Records producer and talent scout, Savannah. With a potential recording contract on the line, can they seal the deal?

A full-page illustration of a young woman with blonde pigtails, wearing a white short-sleeved shirt with a red bow, black shorts, red thigh-highs, and red sneakers. She is holding a black smartphone in her right hand and has her left hand on her hip. She stands in a dark alleyway with graffiti-covered walls. To her left is a dark door with the word 'FLEXIN' written three times in a stylized font. A purple duffel bag sits on the ground near her feet. The background shows a city street at night with a street lamp and a building.

“WHEN I CLOSE MY EYES,  
I SEE THE PERSON I WAS MEANT TO BE.”

— SCARLET

Scarlet's world is turned upside down when she's forced to choose between a successful solo career and her friends. To make matters worse, she's tossed outta this world by a rogue tornado! She must now embark on a true journey of self-discovery if she ever hopes to return home.

# CHARACTERS

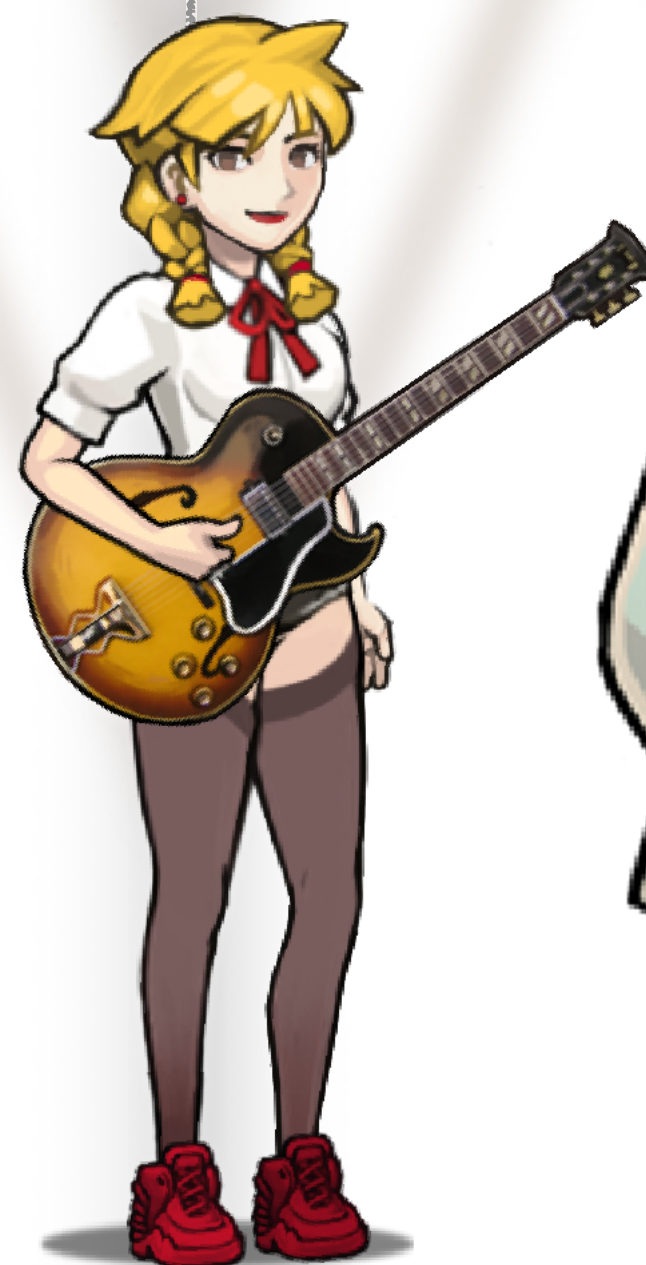

# SCARLET GALE

LEAD GUITARIST AND VOCALIST

The game's titular heroine is a small-town Kentucky girl who dreams of following in her sister's footsteps on the road to stardom. As Foxtrot Bop's lead guitarist and vocalist, she's always front and center. Scarlet finds herself between a rock and a hard place when Savannah, a producer and talent scout for Wicked Records, makes her a deal she may not be able to refuse!

# SCARLET HOOD

THE RED WITCH

Scarlet must take up the mantle of the Red Witch after her unwitting arrival in the magical land of Glome. To find her way back home, she must wield the power of the Womping Stick and lead a troupe of Munchkin through the Wicked Wood.

Only she can overcome the perils of the forest and LeFaba's psycho magick!

# SAMMY

CELLO AND SAX / THE BRAINS

The other band members may find Sam to be a stickler for details, but Foxtrot Bop wouldn't be what it is without his fine touch. The band owes much of its soulful energy to his talent with the sax and clarinet. He has also taken up the responsibility of ensuring their live setup goes off without a hitch. Sam firmly believes in the benefits a good night's rest can have for his team's live performances and often advises Scarlet to get more sleep.

# NICK

BASS AND KEYBOARD / THE PRAGMATIST

Scarlet often jokes that Nick seems to be more machine than man due to his amazing musical precision and aptitude. At times, Nick seems to be in his own world. He likes to keep his off-stage life private. Some aspects of his mysterious persona may have given his bandmates the impression that his heart isn't fully in the game. Fact is, nothing could be further from the truth. Nick's as dedicated to Foxtrot Bop's success as any other member of the team!

# LEONARD

DRUMS / THE OPTIMIST

When Leo's not banging away on the drums, he's pumping iron. Despite his tough exterior, this musclebound drummer has a heart of gold and wouldn't hurt a fly. His wisecracks and can-do attitude brings a sense of levity and optimism to the band that would otherwise be missing. Leo is "captain" of the Winnie, his trusty RV, that carries Foxtrot Bop on the road.

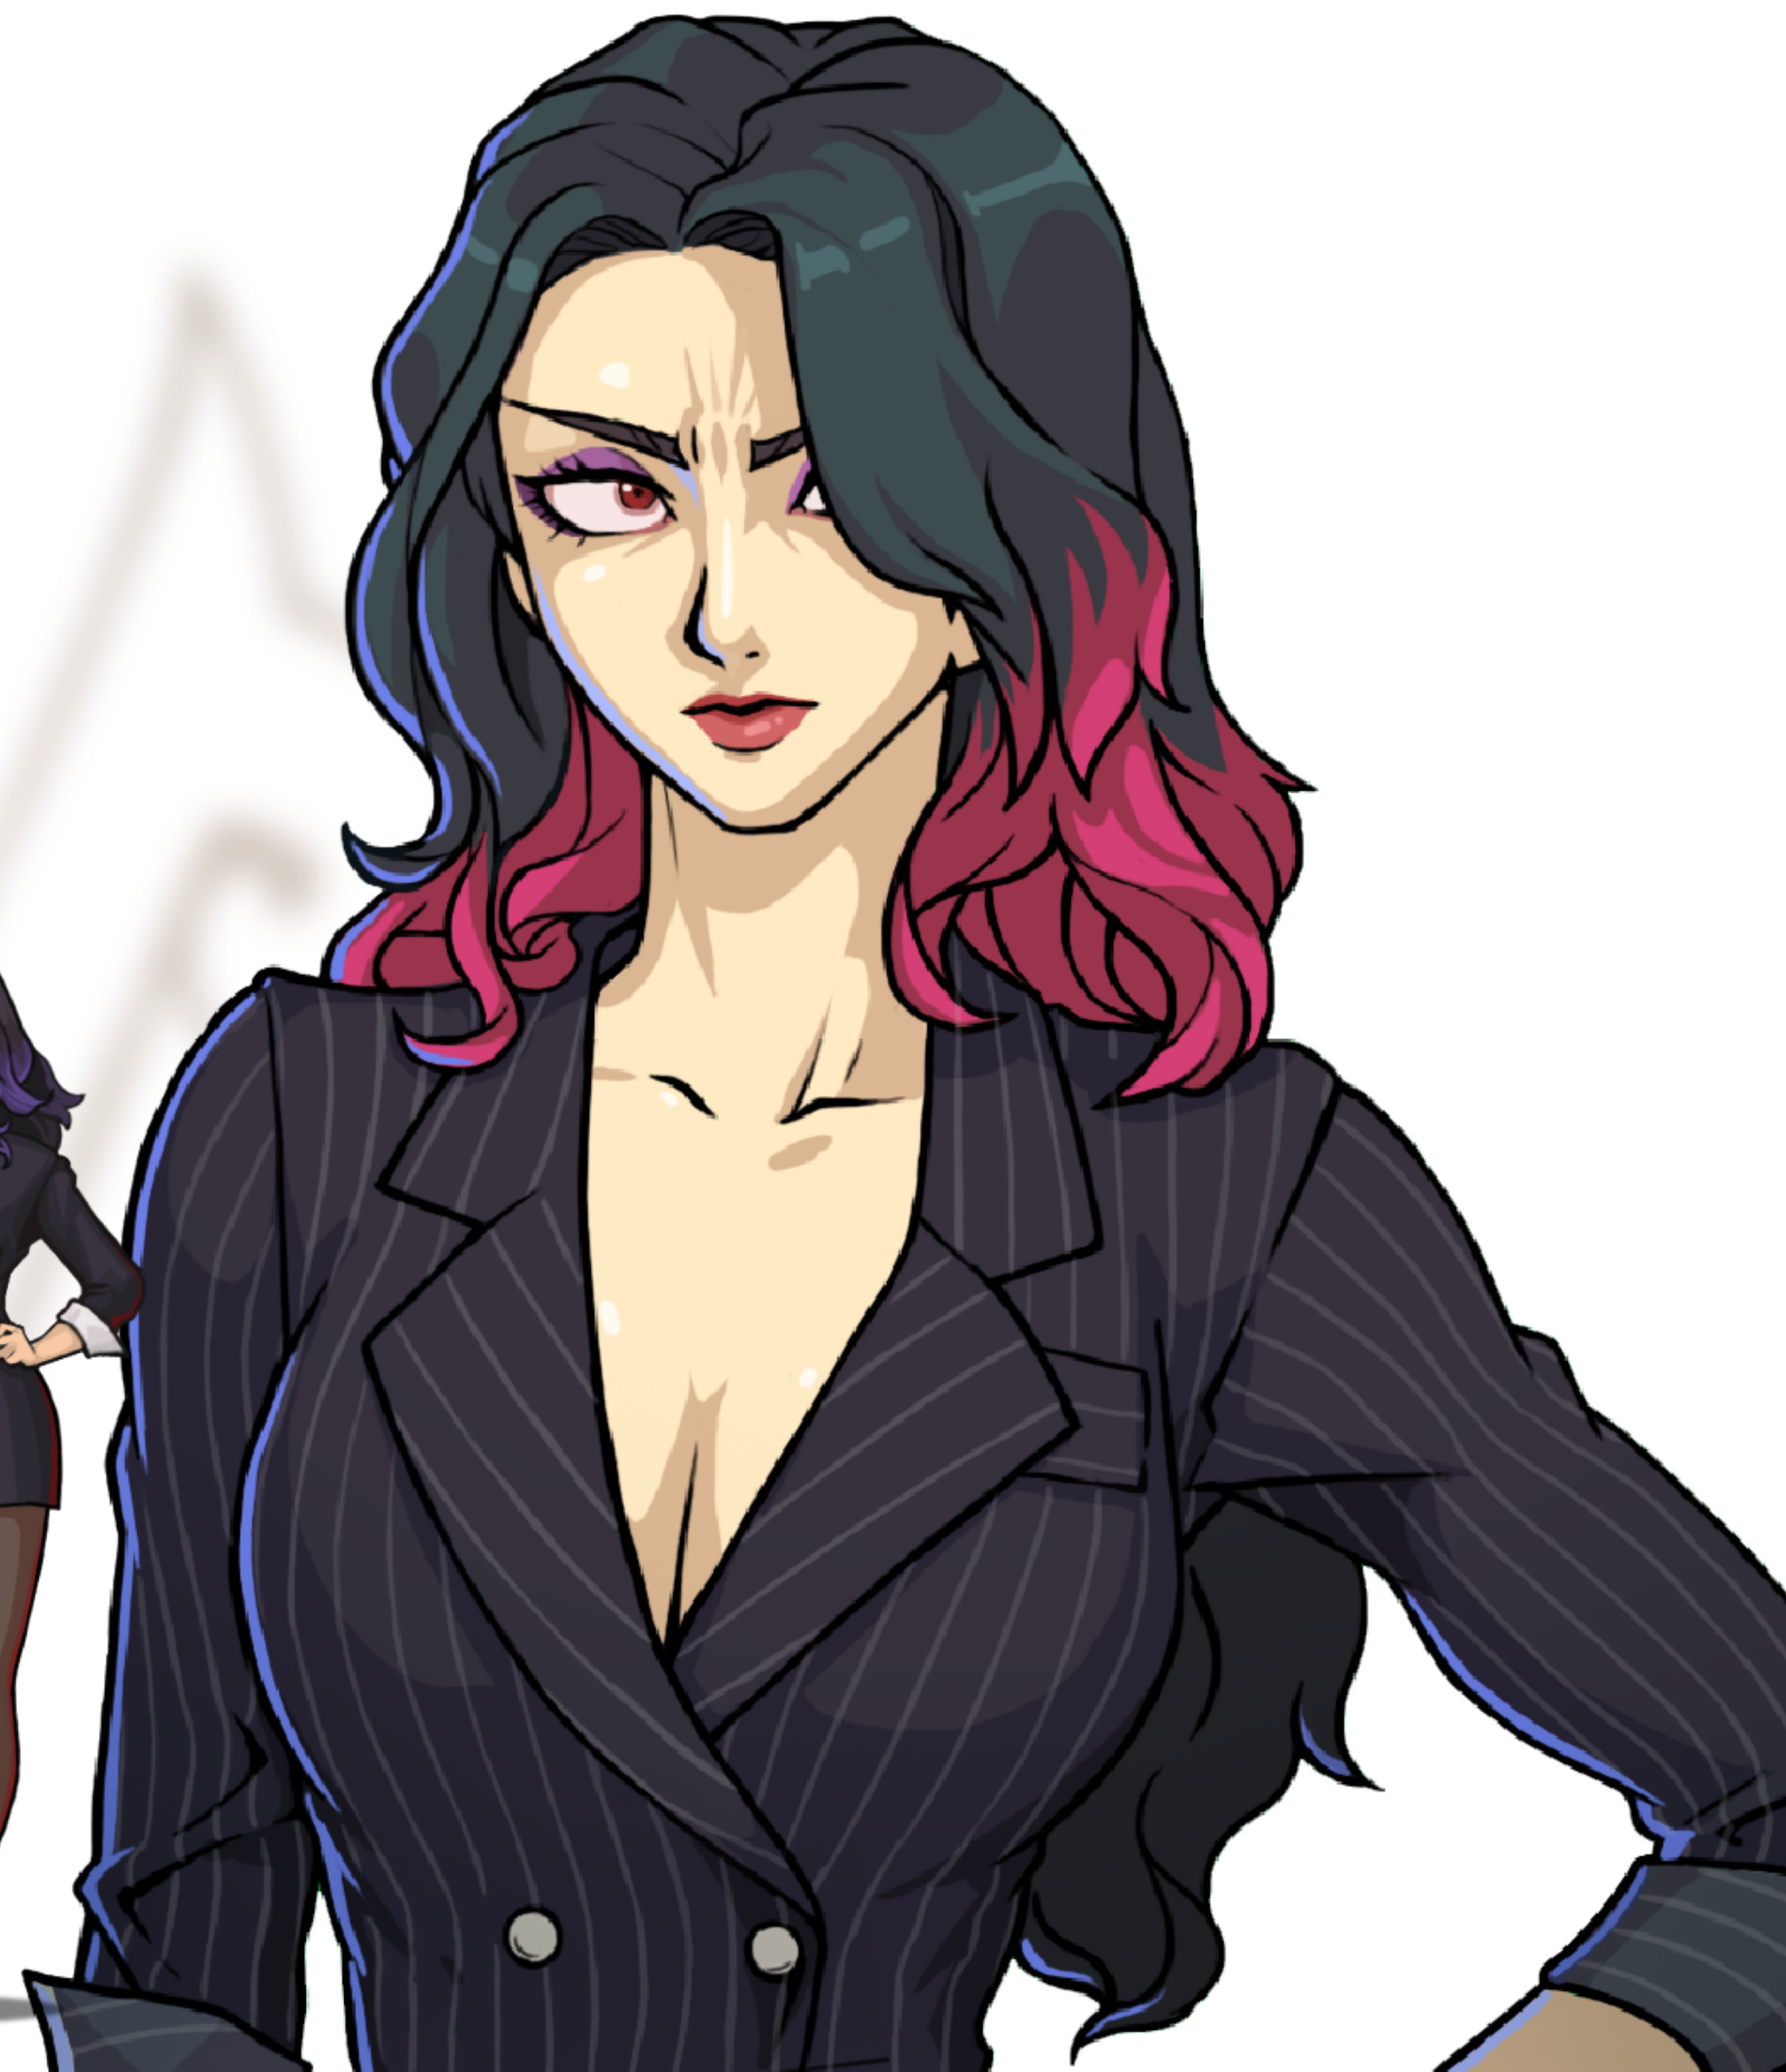

# SAVANNAH

WICKED RECORDS PRODUCER AND TALENT SCOUT

Some call her cold and calculating. Savannah insists those traits are par for the course, especially in the dog-eat-dog music industry. She prides herself on her ear for talent. Wicked Records' sales don't lie; she knows what she's doing. The latest person that's caught her eye is none other than Scarlet Gale.

Problem is, she couldn't care less for the extra baggage she comes with - her band! She also seems to have some past connection with Scarlet's sister, Ruby.

# LOU

THE BOUNCER

When you're runnin' a respectable establishment like The Groovebox, you'd better keep out the local riff raff. That's where Lou comes in. He guards the front door like a wolf. Some would say he takes his job a little too seriously. Despite his intimidating presence, Savannah keeps him on a tight leash; when she's around, he knows who's boss!

# BREX FOX

RED WITCH FAMILIAR

The Red Witch's trusty familiar takes the appearance of a little, red fox. His diminutive size is deceiving; he is the physical manifestation of powerful Seelie magick. He seems to have a lot on his mind, but Scarlet can't understand a word he's saying. He fits snugly inside the pocket of her Witch Regalia and can often be found by her side.

# TUCK

CARAVAN PATHFINDER

Cantrip Caravan's Munchkin guide is responsible for scouting ahead and protecting the royal tribute. He was on the bridge leading to Royalton when Scarlet crashed through it and wrecked one of Dixie's wagons. The force of Scarlet's fall knocked them both underground and into the Ruby Sanctum. There, he tells her the story of the Sacred Band, LeFaba's treachery, and the legend of the World Witches. After Scarlet helps him escape the dungeon, he agrees to bring her back to Dixie.

# DIXIE

RINGMISTRESS AND CARAVAN LEADER

The Ringmistress and leader of Cantrip Caravan is a no-nonsense Munchkin who firmly believes in the power of moxie and a good dollop of elbow grease. She reluctantly agrees to bring Scarlet along after learning the bridge to Royalton has been destroyed. She tasks Scarlet with protecting her troupe during their journey through the dangerous Wicked Wood. Her headstrong demeanor would sooner see her face down LeFaba herself before turning back.

# FLITTERFOOT

WANDERING MERCHANT

Flitterfoot is a merchant who travels the land of Glome selling his wares. He wasn't a part of Dixie's original troupe, but that may change soon; he has a knack for managing inventory and ensuring the caravan is well-supplied, which has come in handy for the Cantrip crew.

Unlike the other Munchkin, he can often be found wandering the Wicked Wood. This makes him a valuable ally when you're in need of items... for a price, of course.

# MAMA DO

DODOBO QUEEN MOTHER

Mama Do, the “Queen Mother” of all Dodobo, is one of LeFaba’s prime lieutenants. She is a very obese bird with heavy makeup and a powdered periwig, which she is never seen without. She’s exceedingly vain and ill-tempered too. She often carries a folding hand fan which she primarily uses to strike her minions. When she isn’t carrying out LeFaba’s mischievous plans, she can often be found gorging on ripe pumpkin.

# PUNKIN JACK

THE PROFESSOR

A hero of the Sacred Band, formerly known as the Munchkin Professor Ichabod Jack. He calls himself Punkin Jack after Scarlet frees and reanimates him as a Fetch. His carved pumpkin head contains a will-o'-wisp - which is actually his soul. While his physical appearance may be somewhat unnerving, he is quite civil and sophisticated. He has the unique ability to lull anyone to sleep using the power of Sweet Breeze. His trapped wisp can be found in Wispy Hollow.

# BAD BABOO

PRIMATE SHARPSHOOTER

Bad Baboo is the alpha of LeFaba's Monkeyta troop. He is a skilled sharpshooter and resembles a colorful mandrill. He excels at nimbly moving through the canopy of the Wicked Wood. LeFaba rescued and raised him from infancy which is why he's one of the few unmodified Monkeyta without wings.

# SIR ULYSSES TALUS

TIN KNIGHT

Sir Ulysses Talus is a clockwork automaton and one of the rare Tin Knights of Glome. His real name is Project: TALUS 12. Model Designation: Machine Identicant 07. His Munchkin name and title were bestowed upon him by the King of Royalton. Ulysses may be the last of his kind. After an unfortunate incident left him with most of his memory wiped, he lost all information about his creator and the location of the Machine City where he originated. His skill with the battle axe is unmatched. He can be found in Lilliput Trail where the spring rain and LeFaba's rust hex have immobilized him.

# BRER WOLF

BLACK WITCH FAMILIAR

Brer Wolf is LeFaba's ferocious familiar. As such, he is completely dedicated to carrying out her dark plans and eliminating any obstacles in her path. It is a giant, muscular beast and nearly impossible to beat in regular physical combat. Scarlet may find him stalking her throughout the Wicked Wood. Her best bet, in any confrontation with him, is to use her witching powers to conceal her presence until he leaves. Like all wolves in Glome, he also has a strong weakness to silver.

# CAPTAIN LEOPOLD

SEACAT, SCOUNDREL, AND PIRATE

Captain Leopold Goldmane is a Pooka renowned for his bravery, heavy drinking, affinity for treasure hunting, and fearsome bar brawls. That's all changed since LeFaba cast the Scaredy Cat Hex on him. He's now a shadow of his former self, eeking out survival in the desolate Barrow Grove. He's deathly afraid of Brer Wolf and for good reason - he's missing an eye thanks to his last encounter with the fiend!

# LEFABA

THE BLACK WITCH OF GLOME

LeFaba, the Black Witch, kidnapped Princess Morgan four years ago and defeated the Sacred Band of heroes that was sent to rescue her. She has ruled the Wicked Wood with an iron fist ever since. At her command are the Dodobo Guard, the Monkeyta Troop, and her powerful familiar Brer Wolf. Her psycho magick strikes fear into the hearts of all who would oppose her. She also has a tower called The Rookery, which can walk about the land on two legs.

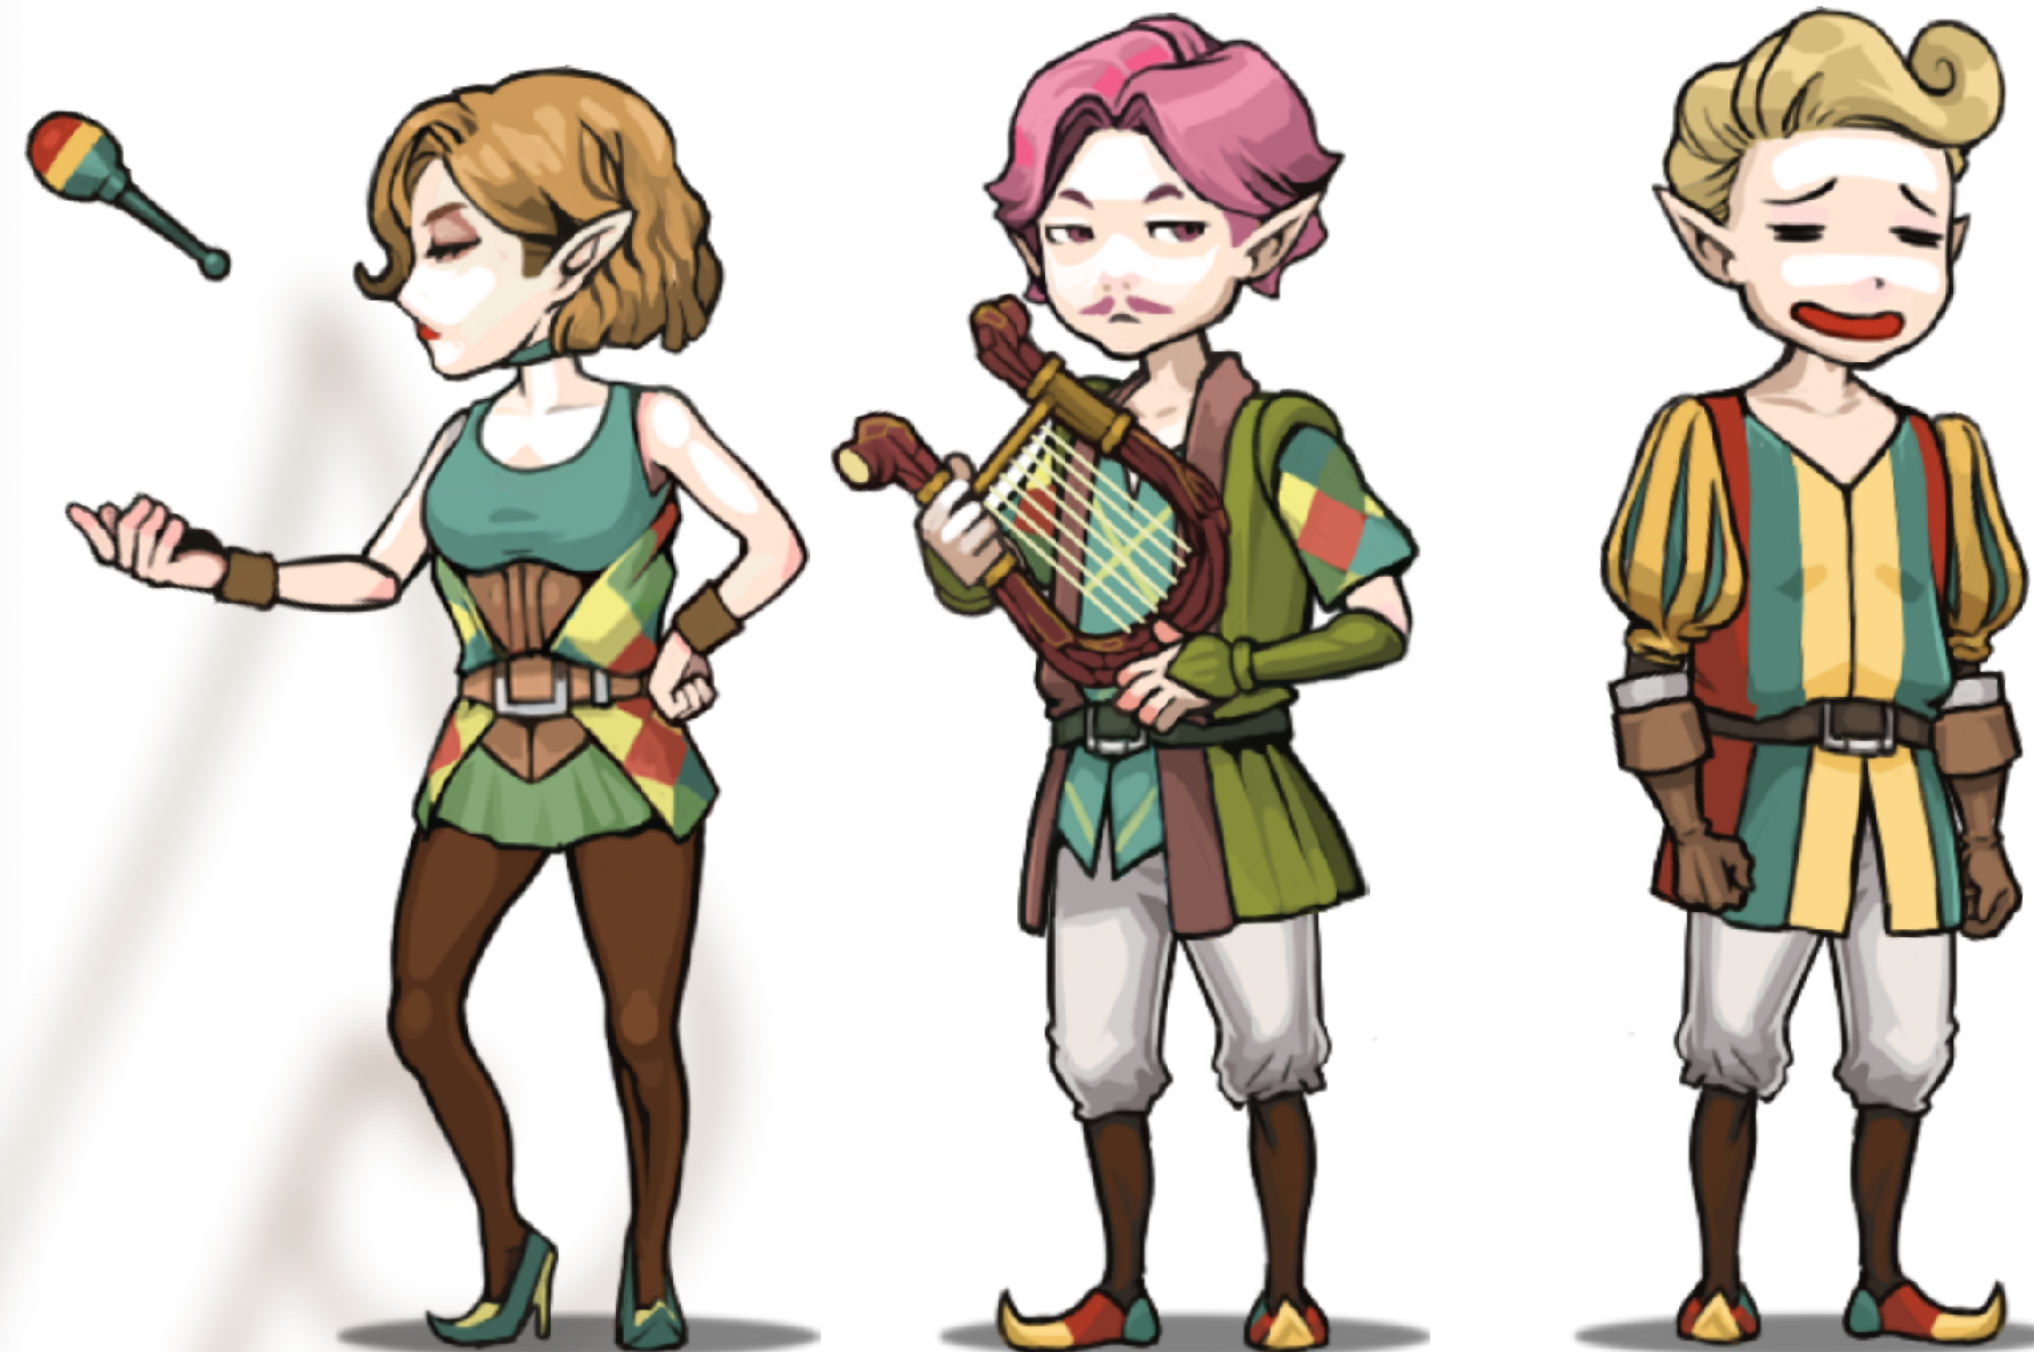

# MUNCHKIN

CREW OF THE CANTRIP CARAVAN

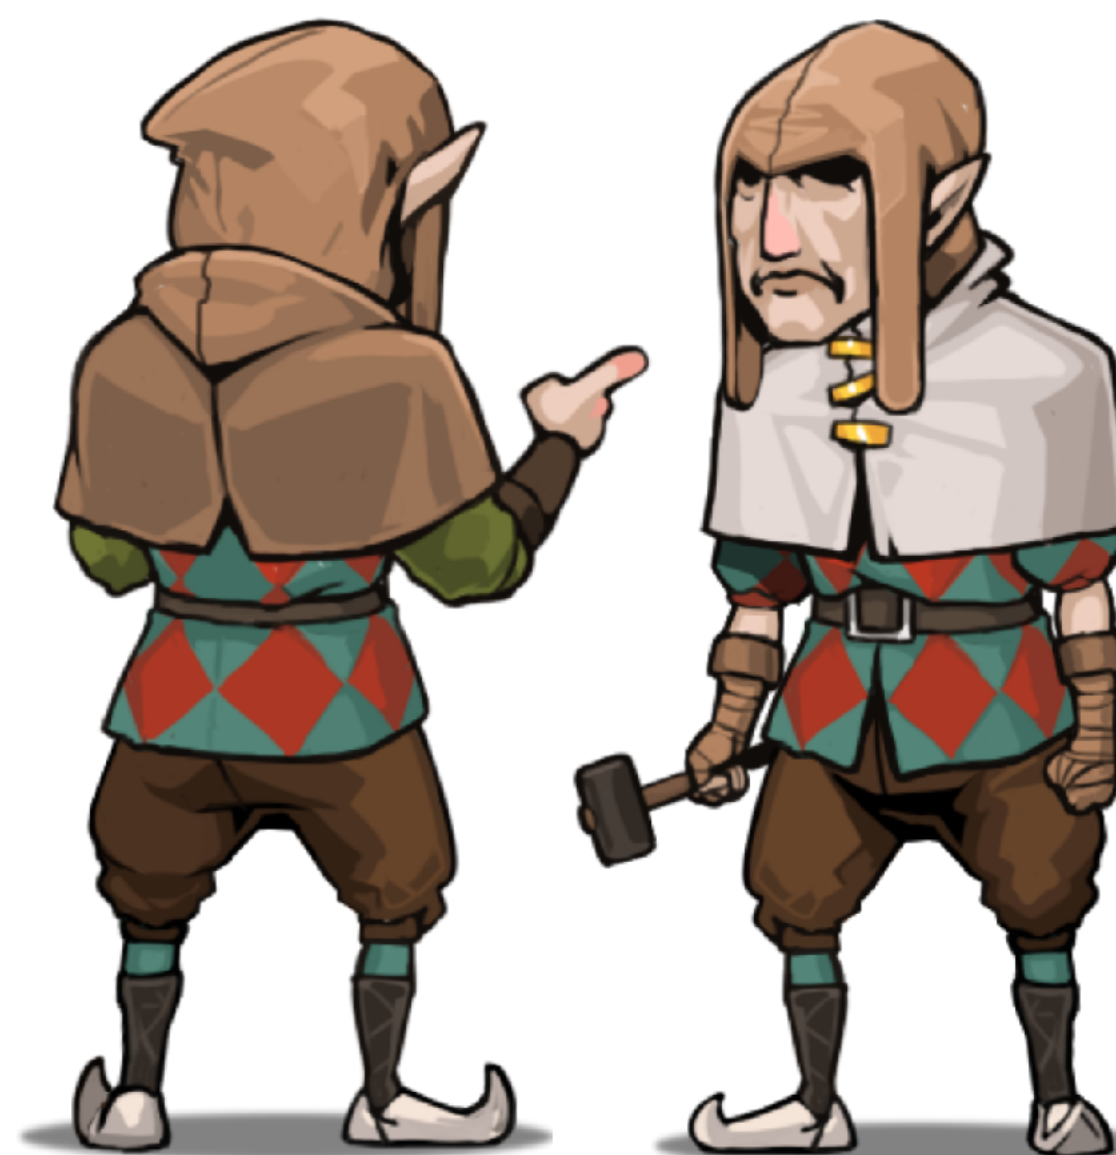

Dixie's Cantrip Caravan is a crew of talented Munchkin misfits and entertainers. Ember is a nimble acrobat, juggler, and dancer. Jasper is a skilled musician and actor who plays an instrument called the Mimsy. Skeeter also plays a variety of roles, but is best known on stage as a fool. Micky and Ricky, the twins, are stage hands who set up the scenery, sounds, and props for their performances. They're traveling to Castle Royalton to put on a performance in honor of Prince Lir's coronation and to deliver a royal tribute.

△ Ember

△ Jasper

△ Skeeter

# MONKEYTA

NAUGHTY PRIMATES

These flying fiends serve as LeFaba's rangers and spies. They are agile and skilled sharpshooters. Alone, they are minor nuisances, but they become real threats when the whole troop is firing volleys at their targets. Their projectiles range from poisoned darts to actual bullets. Scarlet discovers that the Monkeyta did not originally have wings. While their true origins are somewhat mysterious, they are native to the Wicked Wood. They answer to the alpha primate of their troop, Bad Baboo.

# DODOBO

FOWL MINIONS

The Dodobo Guard make up the bulk of LeFaba's foot soldiers. She often employs them as her personal laborers or simple cannon fodder. The guards are equipped with steel morions and breastplates. They are usually armed with swords or pikes. All Dodobo answer directly to Mama Do. What they lack in intelligence they make up for in sheer numbers and stubbornness. They are very dangerous in large groups.

# RUBY GALE

MISSING STARLET

Scarlet's best friend and older sister was a rising star in the music industry. She went missing some years ago and has never been found. The tragedy has permanently affected Scarlet, who now seeks to follow in Ruby's footsteps with her own band. Scarlet carries a newspaper clipping of her sister as a memento and a reminder to continue striving toward her dreams of becoming a star.
